6. TRAVEL RULES

Travelling to Strasbourg

Please check the latest travel rules for France (according to your vaccination or recovery status and the “colour” of the country you are coming from):

Persons holding an EU Digital Covid Certificate ("EUDCC") are allowed to enter France, without being subject to further restrictions (testing or quarantine), on the condition that their certificate contains either:

- **A proof of vaccination which is valid:**
  - from 7 days after the second dose for double injection vaccines (Pfizer/BioNTech/Comirnaty, Moderna, AstraZeneca/Vaxzevria/Covishield);
  - from 28 days after the injection for vaccines with a single injection (Johnson&Johnson/Janssen);
  - from 7 days after injection of a vaccine for people who have recovered from Covid-19 (only 1 injection required).

  or

- **A negative result to a COVID-19 test.**
  - Both PCR and antigenic tests are accepted.
  - Validity: **72 hours prior to departure (for PCR tests) and 48 hours prior to departure (for antigenic tests)** for people travelling from a country or territory from the “green area” (French classification). All EU Member States are currently classified as green areas.

  or

- **The result from a positive PCR or antigenic test that is between 11 days and 6 months old, attesting the recovery from COVID-19.**
People travelling by plane may wish to fill in the EU Digital Passenger Locator Form (dPLF) to facilitate contact tracing.

When leaving Strasbourg

When departing from Strasbourg, different rules apply depending on your destination.

The European Commission’s website https://reopen.europa.eu/en/ provides an overview of the health situation in EU countries, based on data from the European Centre for Disease Prevention and Control. It also contains information on the various restrictions in place, including quarantine and testing requirements for travellers.

Covid 19 test centre

In case of need for a PCR test, a test centre (Laboratoire Schuh) will be open on Thursday and Friday: from 7.30 to 12.00 and from 13.30 to 18.00 and Saturday from 7.30 to 12.30 and from 13.00 to 16.00. The Laboratoire Schuh is located at 1, Quai des Bateliers – 6700 – Strasbourg, Tel: 0033 (0)3 88 14 44 50. A request form “PCR-RAT COFE” needs to be used. You will find it at the ANNEX of this guide. Some will also be available upon your arrival at the European parliament premises.

If your test is positive, please immediately contact the medical service (0033 3 881 75 966 or 0033 3 881 74 719) so they can inform and support you and start the necessary in-house contact tracing.

7. SANITARY MEASURES IN FRANCE

Please check the latest sanitary measures in France (wearing of masks, pass vaccinal, physical/social distancing):

- https://www.gouvernement.fr/info-coronavirus/pass-vaccinal(Open in new window)
- https://www.gouvernement.fr/info-coronavirus/pass-sanitaire(Open in new window)
- https://www.service-public.fr/particuliers/actualites/A15121?lang=en(Open in new window)

The pass sanitaire (with the possibility to show a negative result to a PCR or antigenic test taken within the last 24 hours) remains valid to access health, social and medico-social services for patients and accompanying persons (except for access to emergency rooms where no pass is necessary).

The pass sanitaire also remains applicable to children from 12 to less than 16 years old.

Identity checks (official document with a photograph) may be carried out in addition to
the verification of the **pass vaccinal** by establishments receiving the public.

8. **SANITARY MEASURES IN THE EUROPEAN PARLIAMENT PREMISES**

The Conference Plenaries take place in full compliance with the current sanitary rules. The rules regarding health and safety measures in the European Parliament are laid down in a decision by its President. These include in particular rules on facemasks.

The presentation of a valid EU Digital COVID Certificate (EUDCC) remains mandatory for access to Parliament’s premises. In absence of a valid EUDCC, the Directorate-General for Security and Safety will continue to allow access to those in possession of a paper-based certificate of a negative result of a PCR test carried out in Belgium, Luxembourg, or France. In line with the revised internal rules, the result of such a PCR test is accepted as valid for 48 hours after it was carried out.

It **is mandatory to wear a medical face mask** ENI 4683 or FFP2 respiratory protective device (‘medical face mask’) that covers mouth and nose at all times while in Parliament’s buildings, including when speaking from your seat in the Chamber and while using Parliament’s official cars. The requirement to wear a medical face mask does not apply when chairing a meeting or when alone in the office. Medical facemasks shall be worn when Parliament’s buildings are entered and before security personnel is approached at entrances.

We kindly ask you to bring your own facemasks. **Medical facemasks or FFP2 masks or respirators (without a valve) authorised:**
