### **1. Conclusion of the work of the Conference - Conclusions of the Plenary by the Executive Board, and Endorsement of the report on the final outcome of the Conference**

Guy Verhofstadt (Co-Chair) opened the meeting by explaining that the Executive Board had been convened for a final time to draw the conclusions of the Conference Plenary and to endorse the report on the final outcome of the Conference. He described the elements of the draft report and opened the floor for comments.

In the exchange of views the following comments were made:

- The non-inclusion of the reference to ‘abolishing the right of veto in the European Council established in Art.7.2 TEU’ in the proposals submitted to the Plenary and which gathered the consensus of the Plenary, was raised and a suggestion was made to put the reference to the specific article back in.
- A change was proposed to the part on national events of Hungary (point 17); to further highlight the broad variety and large number of the events organised in the country.
- Two changes were proposed in the 7th Plenary part of Plenary’s chronological summary. On the part on the Executive Board; to substitute ‘endorses’ for ‘takes note’ of the proposals put forward by the Conference Plenary and to add “presents them as the final outcome of the Conference”. On the part on the Council component; to change the sentence from “but were active advocates of recommendations and positions expressed by the citizens” to “but instead supported and encouraged the activities of citizens and took note of their recommendations”.
- The late reception of the draft report on the final outcome of the conference was raised.

Following the exchange of views, the Executive Board:

- Agreed to make changes to the part on the national events in Hungary.
- Agreed to make both proposed changes in the part on the 7th Plenary.
- Did not agree on putting back in the reference to Article 7.2 TEU - nor any of the suggested alternatives - in the proposals.

The Executive Board endorsed the report on the final outcome of the Conference, with the three above-mentioned agreed changes to the text.

**Conclusion:**

***The Executive Board endorsed the report on the final outcome of the Conference, with three changes to the draft text.***
